

**America's Choice for
ProSTUD® & ProTRAK® Framing**

The RAM Steel Advantage

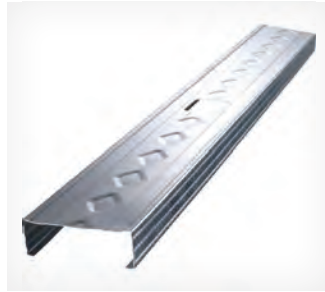

No Shortcuts.

Like every pro we meet, RAM Steel believes in
"getting it right the first time."

So, while our competitors trim costs by trimming corners on quality, RAM offers only the finest steel framing and raw materials, earning us a coveted certification from the Steel Framing Industry Association.

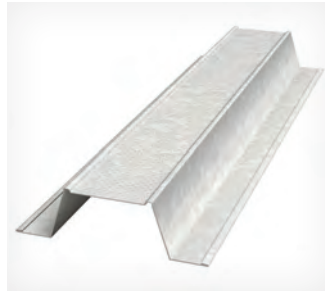

And you'd better believe we're code compliant.

High-Performance Stud and Track

RAM Steel's ProSTUD® and ProTRAK® Drywall Framing sets a new industry benchmark with high-strength steel, offering unparalleled performance and innovation. It meets rigorous standards for strength, fire, and sound.

Furring, Channels, Angles, and Other Accessories

RAM Steel's accessories include channels, furring, angles, strapping, and clips in various sizes, suitable for use with many different building materials.

Architectural Specification Reviews

RAM Steel provides design and engineering specifiers with enhanced specifications, including three-part Guide Specifications and reviews. Our certified specialists ensure code compliance, remove outdated details, and suggest improved products for free.

Technical Support

RAM Steel Technical Support ensures code-compliant building design. Our approach meets rigorous standards for strength, fire, and sound, saving time and costs.

The ProSTUD[®] and ProTRAK[®] Advantage **Pro Tested. Pro Approved.**

A new industry benchmark.

The **ProSTUD** Drywall Framing System combines high-strength steel with patented stiffening enhancements to create the Pro Builders' most sought-after and innovative drywall framing stud.
